ZELLA NEWS NOTES

(From Our Own Correspondent)

Mr. and Mrs. Rennie Luft were pleasantly surprised on Tuesday evening last when a host of friends and neighbors met at their newly-erected home for a house warming. An evening of games was enjoyed by all.

Mrs. Edward Waldruff was hostess at a farewell party for Mrs. Jim Johnston Thursday afternoon. Mrs. Johnston received a purse of silver as a gift from the Zella Women's Institute and neighbors. She and Judy left at the weekend for Granger, where the family will assist Mrs. Youngs with the farming for the coming year.

The school children held a party at the school Friday afternoon. Judy Johnston was the recipient of a locket and brooch as a farewell gift from the children, prior to her departure for Granger.

We are sorry to hear that Royden Nees has broken his arm. The accident occurred while playing at school.

Mr. Sydney Rieb of St. Frances, Kansas, now employed in Calgary with a photo service, was a recent visitor at the home of Mr. and Mrs. Tony Spooner.

Bergen Notes

(From Our Own Correspondent)

Mrs. Roy's was hostess to the members of the Bergen Ladies Aid when they met at her home Feb. 26. In absence of the president, vice-president Mrs. Ruth Scott took the chair.

Following the regular business meeting the ladies decided to try to arrange to have a film from the Cancer Society shown at the Bergen hall on the near future. At the close of the meeting a lovely lunch was served by the hostess, Mrs. L. Connors will have the next meeting.

The ladies were well represented at the Rural Electrification meeting at the Rugby hall on the evening of Feb. 20th. Those appointed to carry this district were Mr. L. Ratcliff, Mr. E. Saller and Mr. D. O. Clark.

The Trident Drilling Co. is moving its equipment from the Moose Mountain drilling site. It is rumored that the interest in the well has been said to be a very good one, and will resume drilling sometime this year.

WEST NOTES

(From Our Own Correspondent)

A very successful turkey supper, sponsored by the Elkton Sports and Curling Clubs, and ably assisted by the Elkton Willing Workers, was held in Rugby Hall Wednesday of last week, with almost a record crowd attending from Elkton and west, Rugby and north as well as Westcott and many from Didsbury.

Turkeys left over were raffled, the winners being Mr. Brinson and Mrs. Darque.

After the tables were cleared there was a short program, when Miss Vera Belfus sang two solos. Miss Bruu gave a piano solo and a mouth organ solo by Mr. W. Toles was well received. Mr. R. Belfus gave the 10 commitments of curling.

Mr. E. T. Wiggins showed films of his trip to Europe and a vote of thanks was extended to him for his time and expense.

A vote of thanks was also tendered those who had helped make the evening a success. It was announced that approximately \$180 had been realized, enough to pay off the debt on the lighting plant at the rink.

Ramblers Bow Out After Successful Hockey Season

Didsbury Ramblers ended a very successful season, their first in Intermediate "A", when they bounced back from an early deficit to trim Drumheller Miners 8-6 here on Tuesday, February 26th. It was the second game in a total goal series in Provincial Intermediate playoffs and the locals felt two goals short of advancing having lost the first game 4-0 at the coal city.

In recognition of their fine showing during the season the boys were presented with a banquet on Wednesday night, sponsored by Postmaster Morgan and Dorris Wilson. Members of the executive were also in on the turkey supper.

Following this a challenge issued by the executive ended up in a curling game between the Ramblers and four members of the directing body. Lack of condition hampered the executive and they bowed 8-4 to the players. It was one of the Ramblers "better games".

FARMER'S SPIEL

Days for the annual farmers' bonspiel, sponsored by Didsbury Board of Trade, have been set for Friday and Saturday, March 13 and 14.

Those eligible include all farmers and retired farmers in this district who are not engaged in other business. There will be two events and the prizes will be worth gunning for.

Eight-end games will be played and slips will be required to collect \$1 from each member of his rink. Entries may be made to Ed Ford at Elford Motors or Alf Allan, Royal Bank.

Jutland Calf Club Judges Herefords

Barrie Gale and his parents Mr. and Mrs. Roy Gale were hosts to the members of the Jutland 4H Club and their parents on Saturday night. After a judging of Hereford bulls and one of calves the members went to the house where Mr. McPhail, the district agriculturist of Olds showed slides of interest. These included some of the Carstairs Club sale, which included the prize winning calves from the Jutland Club shown by Ken Stiles and Ken Tighe.

Mr. McPhail also showed slides of the Horticulture Field day at Herschel Movers at Innisfail.

In the absence of the secretary, Don Hauser was appointed to take the minutes of the business meeting. It was decided to buy wine shirts for the new members and new 4H club crests for all members in the club.

John Kofsky gave a talk on "Caring for a calf until it is one month old." Anne Shells discussed "What is meant by a baby beef?" The members learned the new 4H Club Pledge.

Mr. George Law donated two stock cans for showmanship, which were won by Bad Tighe and Anne Shells and presented by Don Hauser.

The members of the Jutland Club decided to attend the Little Royal Livestock show at the Olds School.

Agriculture in April as a community project, where one of their former members Bud Tighe is graduating.

The next meeting will be held at Ray Good's east of Carstairs on April 4th.

The parents and friends enjoyed looking over Mr. and Mrs. Gales lovely new modern farm home.

Mrs. Gale showed lunch to about forty including club members and their parents.

and Mrs. Gillies Jr. took in the ladies' bonspiel at Sundre. Their skip was the former's sister and they were successful in winning first prize.

A rink from Elkton attended the Legion bonspiel at Cremona on Sunday and although they didn't bring home a prize they report a very good time.

Among those curling at the Midway bonspiel were Mr. O. Thompson and Mr. Arnold Hogg, who played with Mr. Tom Morris as skip and Mr. Gus Bittner, and were successful in getting in the jewellery.

Mr. Bryce Thompson of Edmonton spent the weekend with his parents.

Mrs. H. Krebs visited with the McCullochs, east of town last Friday.

An electrical meeting was held in the Rugby Hall Thursday evening with Mr. Anderson of Calgary as speaker. Between 50 and 60 interested people were in attendance. There was good representation from Bergen, Fallen Timber, Elkton and Westcott districts. Committees were formed to sign up people interested in getting Calgary Power, but there seems little hope of any accomplishments in 1953.

Alberta's Gas Export Policy

In 1938, the Alberta Government set up the Conservation Board to stop the waste of gas in the Turner Valley field. In 1949, the Gas Preservation Act was passed to control gas export and to protect the requirements of Albertans having long consideration the future population, growth and industrial development.

Present proven reserves are easily sufficient to meet the needs of Alberta for 20 years. As each year goes by the 20-year period moves ahead, and no export permit will be granted unless there always remains a minimum 10-year supply. Only then will surplus gas be exported.

Gas in the form it is taken from the ground however, is not the gas that is exported. Before gas goes into a pipeline, any substances economically recoverable, such as sulphur, ethane, propane, butanes and natural gasoline are extracted. These rich raw materials are more valuable than the residue gas, and provide the materials for petro-chemical expansion and can be used for products such as acetylene, alcohols, glycols, glycerine, rubber, carbon disulphide, benzene, detergents, insecticides, explosives, fertilizers and polythene.

Propane extracted from gas, is a fuel equal in convenience to natural gas and can be stored in pressure tanks for home use or to supply communities. Consumption of propane in Alberta has increased tremendously in the last few years, to a point where it had to be imported from the United States in 1951. Development of a petro-chemical industry and assuring adequate supplies of propane for thousands of Alberta farm and rural homes which cannot be economically supplied with gas because of transportation and distribution costs, depends upon an export market for residue gas.

For gas to benefit Albertans and others, the resource must be developed to the fullest extent. Your government has adopted a conservative export policy to protect your interests indefinitely.

YOU can have
Better Grades... Greater Yields
with British LEYTOSAN

In one, simple, easy treatment of your seed grain you can assure yourself of increased crop profits. Leytosan gives your seed grain an extra chance by controlling soil-borne diseases efficiently and economically. This has been the experience of Western Canadian farmers during the past nineteen years.

Check these features:

- Increases Germination
- Stops Smut
- Free-Flowing
- Improves Grades
- Helps Check Root-Rot
- Practically Odorless

For those who prefer a wet treatment, Leytosol "C" is most effective in the control of soil-borne diseases.

In wire worm areas, effective control of this menace may be assured by the use of Leytosan G-91. Leytosol G-91 is a dual treatment possessing all the qualities of Leytosan in controlling soil-borne diseases.

It pays to do business with Britain because Britain, in turn, is one of Canada's best customers. When you buy British products such as Leytosan you help sell your own grain.

Cremona Institute Holds February Meeting

The February meeting of the Cremona W.I. was held on Wednesday afternoon, February 18 at the home of Mrs. Joe Bardgett.

Mrs. M. Ehrenreich president of the Institute and Mrs. Sarah Schultz were appointed members of the Cremona hall board.

Plans for a bridal shower in honor of Miss Betty Johnston were discussed and the date is tentatively set for March 28 and is to be held at the home of Mrs. K. Bergeson.

Two new members, Mrs. Carrie Weiss and Mrs. John Hermer were admitted to the institute.

Mrs. Franklin won the raffle. An interesting talk entitled "The Art of Makeup" was given by Mrs. Bill Dinzy.

The pleasant afternoon was then brought to a close with a dainty lunch served by the hostess.

High School Holds Successful Bonspiel

The Didsbury high school held its annual bonspiel on February 21st. Four local rinks and five rinks took part in the sport. The local rinks were Don Reimer skip, third, Raymond Vondal, Pat Wood, Jean Krueger.

Jack Layton skip, Einar Ann Devine Maxine Hosgood, Beulah Klinck; Dick Law, skip, Carl Morris, Ellis (Lynch), Eileen Ingeford, Lois Sheils.

The grand challenge and trophy went to G. Moritz, Oids; second prize to Hammond, Innisfail; Lois Sheils, Didsbury and T. Cooke, Innisfail.

The second event—1st, Don Reimer, Didsbury, 2nd, Morgan, Carstairs.

We would like to thank the merchants of Didsbury for their donations.

Donation of cancer's danger signals brought to their notice by newspaper stories, editorial comment and our educational advertisements.

We believe that a further 8,000 could have been saved if only the efforts had been greater. This remains a challenge for the year that is ahead.

The contribution of the press is indeed great, and we look upon you as a member of the team that will, we hope, in our time succeed in conquering cancer.

Fred Kenny, Secretary-Treasurer Calgary District Council

Letter To The Editor

Editor, Didsbury Pioneer

Dear Sir:

At the annual meeting of the Calgary District Council of the Canadian Cancer Society held in Calgary this week a vote of thanks was made to the press for its outstanding support of the work of the society.

It is estimated that over 8,000 Canadian lives were saved in 1952 through being brought to early diagnosis and treatment by prompt recog-

Continuation Of Annual Report Of Municipal District

One point of discussion which led to two resolutions was that of destruction of roads, while the spring ban was on in the municipality. A case in point was cited in Mr. Metz division in which an oil well rig moved over the road. On being questioned the rig crew said they had a permit from the Department of Highways.

Private investigation proved this not to be so. In the meantime, however, the road which was in reasonably good repair had been damaged to such an extent that extra appropriations were necessary to recondition it. The meeting finally moved that the council determine if the crew had a permit to travel while the ban was on.

The matter of temporary borrowings and interest rates came up at the meeting and was backed by a number of ratepayers asking if the council could not in some way make discounts available to the ratepayers to a greater extent and thus collect taxes earlier making extra borrowings unnecessary.

Dollars Eaten Up

During the year an amount of \$80,073.10 was spent on machinery repairs. The breakdown of this asked for is as follows:

Crew, \$16,002; hired repairs, \$4,923; parts, \$32,923; blades, \$11,007; tires, \$5,229; cable, \$1,739; welding, \$3,403; misc., amount, \$11,000.

The question as to why the municipality used different makes of machinery was answered by Reeve Hagman, who stated that some years ago it was impossible to get repairs for some of the machinery the municipality had as the company were tied up with large construction outfits and that the service was costly to the municipality. The change to other types was therefore made.

An expression of regret at the passing of the late Geo. Young and an appreciation of his services was recorded for the meeting.

The matter of an annuity for Mr. Metz was brought to the floor of the meeting and after some discussion as to the advisability of such a move as had been made, a resolution stating the meeting was in accord with and gave sanction to the action in this regard closed the matter.

Mr. Metz in defending his right to fees received said that this amount was increased due to the road situation last spring, and also in regard to trips to Calgary made in connection with livestock problems of the municipality.

The ratepayers did not ask question on the assessment of the municipality or on other details of the financing.

During the year the municipality had disposed of a Turnapall and a motor grader and purchased \$21,242.11 in new equipment out of the revenue. This led to some questioning in regard to the trade-in value and the value of the machine at the time of resale.

Mr. W. K. Snyder, the Service Board representative of the municipality gave his report in respect to his work and stated that not as much backslapping as had been contemplated had been built by the municipality and that the Service Board favored a free planning campaign for the east and south parts of the district. The cost of the new free planning machine was considerably under that of a purchased model. Cost of the Service Board operation would be about 70 and 60 cents per half section during the past year. He gave information also that a new campaign for new homes had been tried and that it may come into use this year. Other changes in chemical applications and use were being tried and will be passed on to the farmers as soon as they are made available to that office. The work of the service board during the year was being left and the west, which was almost negligible with worth every farmer's co-operation.

Nominations were received at 4 o'clock or councillors in the following divisions:

Division 4, A. L. Hogg, J. L. Owen; division 5, W. L. Metz, John Reimer.

Municipal hospital nominations which were discussed acclamations are as follows:

Didsbury, C. D. Harder, J. W. Ross and J. H. Hosgood; Oids, Geo. Clark and H. M. Thompson.

1953 Chevrolet

better than ever

Advance-Design Trucks

For 1953, Chevrolet trucks offer new performance, new stamina, new safety and economy — and every model is even stronger, sturdier, more durable than those of past years!

The advanced Loadmaster, Torquemaster and Workmaster engines in all models deliver more power than has ever before been available in Chevrolet trucks. This big, husky, valve-in-head engine with a new high-compression ratio brings you finer performance, faster acceleration, greater hill-climbing ability and substantially greater gasoline mileage.

But that's only the beginning. You get all the proved features and advantages that have made Chevro-

let trucks world-famous for their ability to handle the roughest jobs day after day at the lowest over-all cost to you!

Yet, even with all these greater advantages, 1953 Chevrolet trucks give you more for your money than any other trucks of comparable capacity and specifications. Drop in at our showroom and talk over your trucking needs. Let us show you how much more you get for your money with 1953 Chevrolet trucks.

A GENERAL MOTORS VALUE

4 powerful reasons why they are better than ever

more engine power!

You get all the power you need with outstanding valve-in-head economy from Chevrolet's great new engines for 1953 — the 108 h.p. Loadmaster, the 125 h.p. Torquemaster and the big 150 h.p. Workmaster — all with new high compression ratios.

more staying power!

Now, heavier, stronger, more durable frames increase rigidity, add to ruggedness and stamina of all 1953 Chevrolet trucks. Long famous for their ability to take the roughest jobs day after day, Chevrolet trucks are now brainier and sturdier than ever.

more braking power!

In 1953, all Chevrolet trucks up to 1400 Series models are equipped both front and rear with big, powerful "Torque-Action" brakes which make full use of true momentum and greater stopping power. Series 1100, 1500, 1700 and 1800 heavy-duty trucks use extra-large "Torque-Action" brakes in front. "Twin-Action" type in rear. Both assure quick, smooth, safe stops — provide greater stopping power, greater durability than before.

more economy!

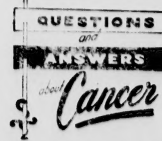

The new and greater stamina of 1953 Chevrolet trucks plus extra gasoline economy with improved valve-in-head engines, reduces hauling costs per ton-mile, brings you greater over-all economy throughout the long life of your trucks.

CHRISTIAN SCIENCE
That man is spiritual and not material is definitely affirmed at Christian Science churches on Sunday, when Lesson-Sermon is entitled "Man." It includes the following passages from the Bible: "For the law of the Spirit of life in Christ Jesus hath made me free from the law of sin and death" (Rom. 8:2) and from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The sinless joy—the perfect harmony and immortality of Life, possessing unlimited divine beauty and goodness without a single bodily pleasure or pain—constitutes the only veritable, indisputable man, whose being is spiritual" (76:20-26).

Rev. C. C. Armstrong

The same people who are elected to office by popular vote are the ones who are called upon to pass laws that may or may not be popular.
Some assume that the first duty of the legislature is to give the people what they want. Others believe those in office are the ones best qualified to decide just what is best, and we should accept their leadership and follow the lead.

The Criminal Code of Canada as it relates to gambling, is an unhappy attempt to satisfy public demands and at the same time to try to uphold moral standards that are not popularly held.

Clause 6, subsection 236, permits for prizes of value less than fifty dollars, if they have first been offered for sale, and if the proceeds are for charitable or religious purposes.

Some people have disregarded this law for years, and the situation has arisen where the law has been enforced rarely or not at all. Charitable organizations have attempted to raise money by offering prizes far beyond the fifty dollar limit. Public gambling at Stampedes and exhibitions has

been allowed. Race tracks have their pari-mutuels. The inevitable result has been confusion in the public mind and resentment against laws that seemed discriminatory. It appears that the gambling laws are in need of revision.

The United Church of Canada is a religious organization whose work is financed without the benefit of rates. At the same time there are within its membership those who buy raffle tickets, and play bingo in common with other citizens within the community whose adherence is to other communions. There is confusion within the minds of people both inside and outside the church.

There is a difference between running risks and gambling. Persons who are doing creative, productive and beneficial work run the risk of losing possessions or even life itself. But gambling differs from this in that it is not creative, productive. It is simply a method devised to redistribute the wealth that somebody else has produced. Some can win only if others lose. And gambling, for charitable purposes or religious institutions gives an aura of generosity and respectability to practices that are essentially selfish.

The Criminal Code ought to be revised so that charitable or religious organizations should be relieved of the embarrassment of being permitted privileges that are illegal for others. Anyone can be generous without the assistance of bingo.

Sow Cents and Reap Dollars
If not already done, the progressive farmers are planning and preparing their seed grain requirements for spring planting. Selection of high quality, well cleaned seed is naturally of the utmost importance. In addition to this, however, treatment with the proper materials is also important. Year after year carloads of Alberta wheat are graded smutty. This means not only a loss in the price per bushel, but since smut replaces good kernels, it also means a decrease in yield. These losses can be avoided. Treatment with a mercurial compound is recommended. This will not only protect the grain from smut but also from seedling blight, root rots and other soil organisms that attack the grain kernels. Since mercurials are poisonous and can be dangerous if inhaled, a mask should be worn during grain treatment, except of course where the wet treatment is used. Seed drill surveys have shown that many farmers are still using formaldehyde for seed treatment. Formaldehyde is not recommended especially for wheat because it reduces as well as delays germination. Use a mercurial compound. A little extra money and time spent in giving your seed grain the right kind of preparation will certainly pay dividends at harvest time. Barley and oats will also respond admirably with a mercurial compound.

BANCROFT BUTTERCUP
GIRLS CLUB

Eleven members and fourteen visitors met at the home of Beth Thomas for the Bancroft Buttercup Girls Club meeting on February 14th. The meeting opened by singing "The More We Get Together" and the saying of the club creed.

Roll call for the seniors was a finished place card and the juniors were to say a valentine verse.

Objective for the seniors was a finished button corsage and the juniors a finished valentine picture.

A thank you card from Mr. and Mrs. Jesse Toews was received thanking us for the wedding gift we gave them and a letter was received from the Davis school thanking us for the donation we gave them for Christmas funds.

We are going to have a dance on March 6th at East Community hall. We presented all the mothers and the W.I. members with a button corsage.

Samples of the leathercraft were received and we decided to all make a tool belt, and supplies are to be sent for.

We entertained our mothers and W.I. members.

Eileen Newmiller won the seniors contest and Mary Arris won the juniors.

The tea prize was won by Mrs. F. Hoskin and Mary Arris.

The meeting was adjourned by Betty Newmiller and second by Beth Thomas.

God Save the Queen was sung after which a delicious lunch was served.

HUMANITY'S PLIGHT

In his address to the annual convention of the Canadian Federation of Agriculture, Dr. H. L. Keesley, director of technical assistance program for the United Nations, made the following statement:

Over half the people in the world are illiterate.

Over half the people in the world are hungry most of the time. Yet by applying our present knowledge to the problems of production and distribution reasonable standards of nutrition could be insured for all.

Most of the people in the world cannot afford decent clothing, housing and recreation.

Almost two-thirds of the people in the world have an annual per capita income of less than \$100.00.

A large portion of humanity is affected by injustice in one or more of its manifold forms—slavery, peonage, forced labor, political despotism, legal corruption, and the whole ghastly spectrum of totalitarianism from Nazism and Fascism to the flaming red of the communistic creed.

Next to war and the threat of war, perhaps the most glaring example of the failure of humanity to use its increased knowledge for the common good is found in the fact that so large a proportion of the human race is suffering unnecessarily from ignorance, disease, poverty, and injustice.

What Kind Of Education?

Everywhere one looks in this education picture there is worry and woe, according to The Financial Post.

There is a fantastic school building program coming up. We're short now. By 1964, because of birth rate and increased population, the high school population will be twice what it is today.

All sorts of questions are being asked but what people would like a good answer to is: what kind of education are we getting for all this money we are spending?

Is all this vast machinery producing people of strength of character to meet maturely life's problems, people with capacity for true personal happiness? Is it producing people who wisely select their political and community leaders?

The more questions one asks about the kind of education we're getting for our money the more alarming the answers become.

THE GROWTH OF CULTURE

If the Canadian Broadcasting Corporation is aiming at developing us into a cultured people, with a world-wide culture of our own, and if it hopes to achieve this by selecting for us the cultural influences to which we may be exposed, and shielding us from all uncultured contacts, we think it is making a grave mistake. Cultural culture can no more be developed within us by shutting us off from the uncultured world, than real virtue can be achieved by shutting our eyes to real vice.

If a competent judge should visit Canada for the purpose of selecting the thousand most cultured people in it, we don't think he would look for them among those whose lives have been spent cultivating correct manners, familiarizing themselves with the best literature, the best art and the best music, and eschewing all contact with coarser things.

We think he would be more likely to find them among those who, in the tasks of real life, has seen good and bad, beautiful and ugly, kind and cruel, and had consistently chosen the better part until it became a second nature to them.

He would make his selection from among those who, having free choice had themselves chosen the finer things in life.

Sedgwick Award Goes To Former Didsbury Resident

Dr. W. G. Black, citizenship liaison officer for B.C., and part time lecturer at the UBC, is winner of the 1952 Garnet Sedgwick award for outstanding work in the field of civil liberties.

With Senator Wilson he was one of the architects of the Canadian Refugee Committee in Ottawa in 1939 and 1940 and was one time president of the Vancouver League of Nations Association. He is a member of the United Nations Association in Vancouver.

Dr. Black was also the first chairman of the Institute of Ministers and Social Workers formed here three years ago.

The award was presented to Dr. Black Tuesday by Dr. H. B. Hawthorne, honorary president of the Civil Liberties Union, Campus branch in engineering building.

Dr. Black is the eldest son of the Rev. James Black, well known former Baptist minister of Didsbury, and Westcott and various other field stations.

"Willie" got his early schooling in Didsbury and Rugby schools, before moving to B.C. about 1914.

(From Our Own Correspondent)

The returns from the financial drive put on by the College over the week end of Feb. 22 was most gratifying. Colleges of this nature depend upon the generosity and interest of its friends, and Mountain View Bible College realizes that its friends are many, and that these are interested.

Mrs. Suder, with several students will be covering the Caslor and Galahad roads on March 8.

The Eby relationship met at the home of Mr. and Mrs. Arthur Eby on Thursday evening for dinner in celebration of the birthdays of Arthur Eby and Miss Gladys Eby of the College. The evening was an enjoyable one. Mrs. Suder was the only outside guest.

G. Lyle Richardson and Miss Gladys Eby have originated a College song. You will want to hear it when the College presents its annual concert. This is the first time that the College has had a distinctive College song, and we hope that everyone will like it.

Rev. Donald Taylor was the guest speaker in the Red Deer Nazarene church last Sunday, the pastor of the church being Mr. Mrs. Taylor and family accompanied him.

Mr. Waldin is very proud of his Scouts. We heard him making arrangements with one of the leaders for the Sunday evening service put on in the United Missionary church by this group and his remarks concerning them were most gratifying. They are really a grand group.

A group of students sang for the sick people in the local hospital on Thursday evening. This is always greatly appreciated by patients and staff of the hospital. We are glad they can render this service in this way.

We wonder how many people would like to see the buildings of the college painted this summer. They sure need it. If you watch closely the chances are you will see all of the buildings take on a new look during the summer months. Only because our friends is this going to be possible. We do want the town to be proud of this institution of Religious Education so necessary for the youth of today. A number of applications for the coming year have been received and we believe we will have a larger student body next year. If the present students have anything to do with it, we surely will. They are enthusiastic about their College this winter.

FALLEN TIMBER

(From Our Own Correspondent)

A large crowd took in the turkey supper at Rugby and enjoyed a delightful evening. The ladies are to be complimented and the evening's entertainment was nice, especially the movies shown by Mr. Wiggins. Those seen in Didsbury Saturday included Mrs. W. Fyten and children, Miss E. Johnson, Mrs. Wannamaker, Mr. and Mrs. J. H. Cooper, Mr. and Mrs. J. Howton and children, Messrs. Jim and Keith Cooper, Mr. and Mrs. Ben Teynor, Miss Margaret Moncey and Mr. Joe McGaffin and Gordon.

Mrs. J. W. Chevis of Westward Ho accompanied Mr. and Mrs. Bob Moore and family to Didsbury Saturday.

Mr. and Mrs. Bob Whittle have a well drilling outfit at their place at present.

Mrs. W. Fyten and Miss Esther Johnson visited at the home of Mrs. L. Wannamaker last Wednesday evening.

The regular church service was held Sunday under the direction of Rev. R. and Rev. C. Moore, who so kindly come out from Calgary. There were special numbers by the senior and junior choirs, also solos and duets. After the church service there is Sunday school with classes for all.

In The Legislature

By H. G. Hammell, M.L.A.

As in past years I will, through the courtesy of your weekly paper, give you a brief summary of the highlights of the legislature. It will be impossible to give all the details but will, through this weekly article try and cover as much as possible.

Thursday, February 19th, saw the Lieutenant Governor present the Throne speech. This outlined in brief the coming legislation some of which will be:

1. Authority will be requested to enable the government to subsidize the cost of hospital extras and to re-hospital districts an amount not exceeding 50 per cent of the cost of providing hospital extras for their residents.

2. Legislation will be introduced to provide pensions for certain of our people suffering from chronic disabilities which render them unfit to obtain gainful employment.

3. Increased Municipal and School Grants
To assist municipal taxpayers in meeting the rising costs of education, increased appropriations for school grants under a revised formula will be submitted.

4. The Legislature will be asked to consider amendments to the school buildings assistance act to provide increased provincial aid in meeting the continued high cost of necessary new school construction.

5. Loans to University Students
To encourage and assist high school graduates to obtain a university education, a revolving fund will be established from which qualified and deserving students may obtain loans for this purpose.

6. During the ensuing year the government plans to undertake the most extensive highway construction program in the history of the province and for this purpose you will be requested to approve very substantial appropriations. This new program will be projected over a 4 year period and has been designed to provide as rapidly as possible, a province wide network of good all-weather highways and roads.

7. An extensive construction program is contemplated by the Department of Telephones to meet the unprecedented and substantial demand for telephone service, both local and long distance.

8. Financing Municipal Borrowing
In keeping with the Government's policy of allocating an equitable share of provincial revenues to help meet necessary increased municipal expenditures, legislation will be asked to approve substantially larger appropriations for this purpose.

9. In the matter of municipal capital expenditures, a program will be submitted which has as its ultimate objective the financing of all necessary municipal capital borrowings from provincial funds accruing from the development of our natural resources in the interests of our people as a whole.

10. The Legislature will be asked to approve a continuation for the ensuing year of the capital assistance available to municipalities under the Self-Liquidating Projects Act.

11. To help facilitate both municipal and school administration, the Government, in co-operation with municipal and school authorities, propose to set up a Commission to establish co-terminous boundaries for rural municipal districts and school divisions.

12. Additional assistance is proposed in the development of regional Public Libraries and increased practical assistance will be offered to communities where Public Libraries already are established.

Liquor Question
13. Various statutes requiring amendments in the public interest, including a revision of the Alberta Liquor Control Act, will be submitted for the attention of the members. "Occasional Binges" may be allowed for charitable purposes, providing the major part of the proceeds go to charity.

Little Items of Local Interest

Mr. and Mrs. H. Dageforde announce the marriage of their second daughter, Jean Mary, to Mr. Ernest Tucker of Edmonton. The happy couple will reside at Mill Valley, Calif., until Ernie continues his medical studies at Pasadena, Calif.

Mr. and Mrs. W. Sheldon and son Keith, of Oids, were Sunday dinner guests with Mr. and Mrs. A. B. Grange.

Mr. Lloyd Devine left Monday for Lemburg, Sask., for ten days, accompanying his parents and grandmother, who had been visiting relatives in town.

—Planamans, as advertised on the Amos 'n Andy Radio Show, on sale at Law's Drug Store.

Mrs. Jenkins spent the weekend in Calgary when she and her daughter, Mrs. Noble took in the Welsh St. David Society night on Friday, and the social evening with the Welsh society on Sunday at Knox United Church.

Mrs. G. W. Rust left for her home Sunday morning by plane, after attending the funeral of her mother, Mrs. H. Gabel, here on Saturday. Dr. Goldwin Gabel also left by plane Sunday for his home at St. Catharines, Ont. Other members of the family attending the last rites for Mrs. Gabel included Mr. and Mrs. L. J. Gabel of Calgary and Mrs. W. F. Barnett of North Bulky B.C. Mrs. Barnett will remain in town for the remainder of the week.

LOCAL LEGION HOLDS ANNUAL BUNSPIEL

The annual bunspliel of the Didsbury Branch, Canadian Legion, held recently, resulted as follows: winner was No. 2 rink from Oids skipped by Tim Walker.

Second, March rink of Didsbury which included Gordon Marsh, J. Yelowicek, Alan Marsh, G. Underhills, third, Wonder rink of Didsbury, J. W. Worace, K. G. Saannott, C. B. Cooke, J. D. Thomas.

Consolation, Allan rink, All. Alan, S. Thompson, G. Ford, B. T. Parker.

SQUARE DANCE

A special treat for square dancers was held at the Harmonian Hall on Tuesday, February 24th when Don Martin, well-known caller from Calgary and his wife surprised the club with an unexpected visit. Nine squares of dancers and a good crowd of spectators enjoyed having Mr. Martin put them through the paces.

The regular instructors at the Harmonian Hall are Mr. and Mrs. "Chick" Miller of Oids with instruction and practice nights alternating each Tuesday. The next lesson will be held March 17th. Everyone welcome. Come and enjoy yourself.

PICTURES TO BE SHOWN AT REDEEMER LUTHERAN

Two inspiring, heart-warming pictures will be shown at the Redeemer Lutheran Church, Sunday, March 8 at 8 p.m. The first picture will be "As We Forgive," a warmly human story of two boys caught stealing, and how they are changed into happy, useful citizens through the understanding, guidance and faith of the policeman who caught them, and their pastor. An inspiring answer to one of today's greatest problems—juvenile delinquency.

The second film is "Bible on the Table." It tells a dramatic story about a young man who helps his family solve their mounting problems through his personal discovery of the power of Christian family worship.

This promises to be a full evening of wholesome fellowship for the entire family.

Sunday, March 8, at Redeemer Lutheran church.

TAXES AND WELFARE

Defence Minister Claxton observed not long ago "A danger we have to face is growth of the feeling that anyone is entitled to a free ride. In these times some people look to government for social security and welfare payments from the cradle to the grave, for relief and assistance if there is too much or too little sunshine or rain, for higher handouts and lower taxes—all on a platter and all at once."

The Senate Finance Committee not long after restated the problem in these terms: "The increasing tendency of people to demand that the Government do something about all kinds of problems which the community or the individual should solve for itself or himself is, we believe, accountable for much mounting public expenditure and if not checked bids fair to undermine our present system of government."
